Chapter 1 by Story Wars

Jöns have been working for Skånetrafiken (bus company in southern Sweden) for 6 years. The only driving he does, is to work every morning and back again. 7 days a week. 3 months a... *et cetera*.

But this day was the day he will never forget. In 50, 20, 10 years it will probably be forgotten but let's just say a very long time.

So, this day started as always. He woke up 06:30 and snoozed 10 more minutes. Ate some sandwiches (2). Drank some fine, exclusive, cheap wine with depression on top of it. He took his turd (just an overrated Volvo) and drove to school to look at the children patrolling indoors.

Yep. Jöns is that kind of guy.

After that. He looks at his wristwatch and notices that hes late, *again*.

- Tiden flyger verkligen förbi när man har roligt, says he in a creepy voice while he starts the engine.
